

AWARDS NOMINATION FORM

Project Awards - Outstanding Achievement in Coatings Work in a Fixed Shop Facility

Project Award in honor of Eric Kline

Award Description:

The AMPP Project of the Year Award category recognizes superior performance, management approaches, innovation, or other achievements in the commission of materials protection technologies for new construction, maintenance projects, or remediation/rehab of existing assets or buildings, and public service impact through community service projects. Nominations are accepted for projects finalized in the previous calendar year.

This award recognizes individuals or teams exhibiting the highest degree of commitment, professionalism, and reliability while providing technical support in the operation and maintenance of materials protection systems for assets and infrastructure. Candidates should demonstrate significant achievement through their commitment to service, safety and risk management, project management systems, data analytics, and the use of innovative and effective technologies.
